NOTICE
—TO—
GAS CONSUMERS.

IN compliance with a pledge made in their communication of February last, to the Hon. Mayor and Board of Aldermen, the

Memphis Gas-Light Company

have determined to reduce the price on their sales of Gas supplied on and after the

First Day of December next

to the lowest rate then deemed possible, allowing a small profit on the capital invested, and pledge themselves that the price then established shall range among

THE LOWEST RATES CHARGED

in other Southern and Southwestern cities.

Their apparatus, lately at great expense improved and extended, enables them to supply as pure, strong and brilliant gas light as that supplied any where in the United States.

With reference to a much threatened opposition in business, which they do not deem probable, the Company hereby give notice to their patrons and the public, that in case of an actual competition they will supply their demands at

One-Third, or Less than One-Third the Rates Established by such Competitors.

Their Works were constructed with a view of remunerating the owners for their investments, as well as for the public convenience. Notwithstanding such intention, they will sell or furnish

Light at a Mere Fraction

of the price asked by any competing or opposing Company.

A Card.

WE will at once rebuild our warehouse, and will have it completed by the 15th of September, but by the first day of that month we will be ready to receive goods on store.

The sheds will be divided into fire proof compartments by brick walls, and covered with tin. Those who have patronized us for the last two seasons, and those who may have proposed to do so the approaching one, may rest assured we will be ready for them.

We design establishing a Cotton Compress in connection with our warehouse, upon an adjacent lot, which will be ready by the 1st of October or sooner. The proximity of our establishment to the river renders the handling of cotton so convenient that we can transfer cotton for shipment by river free of drayage. The advantage of the position is equal to one drayage on all cotton sent for compression from other warehouses, while on all cotton in our warehouse for compressment there can be two drayages saved, since it would be as easy for us to transfer it from our shed to the Compress as to turn it out in the ordinary way for transfer by drays.

FASSMAN'S IRON TIES
—FOR—
COTTON BALES.

THE undersigned have made extensive arrangements to supply the demand for these Ties the present season.

In addition to the FASSMAN IRON TIE and BUTTON TIE, so extensively used heretofore, they now offer his ALLIGATOR TIE, with teeth so arranged as to instantly clamp the hoop when the pressure is removed from the bale, and hold it without slipping.

Great pains have been taken to secure the best quality of iron.

These Ties are so simple in their arrangement that they can be applied by any one, to bales of any size, with the same facility and expedition as rope. In strength, security and facility of application, they will compare favorably with any yet introduced.

The advantages of Iron Ties are now generally recognized; but it is deemed not out of place to call the attention of those interested to the very emphatic recommendation of Underwriters, Steamboat Captains, and Owners and Agents of Sea Steamers and Sailing Vessels, recently published in the newspapers in New Orleans.

Our Latest Improved
NEW SCALE PIANO-FORTE.
GROVESTEEN & CO.,
499 Broadway, N. Y.

THESE Instruments, after the most flattering testimonials from the first Pianists in the country, who, at our solicitation, have tested them in the severest manner possible, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy during the *thirty-six* years that we have manufactured Pianos, *twelve thousand* of which are now in use in the United States and Europe, to give the finest instrument at the lowest cost. Our superior facilities enable us to offer them from one to three hundred dollars less than any other First Class House.

The tone of these instruments are remarkable for their peculiar Sweetness and Great Brilliancy, never losing their quality when forced to their utmost capacity. The lower register retaining its positiveness does not destroy the middle and upper registers by mingling with them in disagreeable confusion, the refined beauty of tone being equally delightful to the unpracticed and to the most cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, *with four full round corners front and back*, heavily carved legs and Lyre Serpentine Base richly moulded, and each instrument is fully warranted for five years. sep5 d&wly

MEMPHIS APPEAL.

THE SALE OF PRESENTS MADE TO MRS. LINCOLN.

Constrained, as she alleges, by necessity, and complaining of the ingratitude of the Republican leaders, the widow of ABRAHAM LINCOLN has deposited for sale in New York, and directed to be sold at auction, after being advertised largely, the following articles, *presented* to her during her husband's Presidency:

	Cost.
1 black centre camel's hair shawl, long	$1,500
1 white centre camel's hair shawl, long	1,200
1 white centre camel's hair shawl, square	400
1 black centre camel's hair shawl, square	350
1 red centre camel's hair shawl, square	100
2 small shawls, square	50
1 white Paisley shawl, long	75
1 white Paisley shawl, square	50
3 superfine point black lace shawls, $1,500, $500, $300.	
2 superfine point black lace shawls	$50, $40
1 white point lace shawl, long	2,000
1 white point lace dress, unmade	4,000
1 white point lace flounce	150
1 white point lace parasol cover	250
1 white point lace handkerchief	80
1 Russian sable cape	4,500
1 Russian sable boa	1,200

Also many other articles, including diamonds, rings, etc., etc.

We find the following description of these articles in a New York journal:

As one enters the room where these articles are exhibited, the first that attracts the eye are five elegant camel's hair shawls hanging carelessly on the back of a chair. They are of the finest texture, and were considered the most expensive in the market at the time of their purchase, the largest costing $1600 in gold and the others from $325 to $500 each. Two white Paisley shawls lie on the lounge. They are of remarkable fineness and delicate finish, and are valued at $300 each. On the show-case lies an exquisite and magnificent white point-lace shawl which cost $1000, and near by are five of the same, averaging from $200 to $400 each. Seven heavy double point-lace shawls included in the list are worth $4500, and a parasol, covered with the richest of thread lace, is valued at $200. Conspicuous among the articles is a Russian sable cape of the finest and softest fur. It is very large, and cost $4,500 in gold, and is accompanied by a sable boa valued accordingly. Thrown upon the furs is a point-lace handkerchief of the most delicate texture worth $100, and lying in a pile upon a long table are twenty-three dresses, whose estimated value is $10,000. Two elaborately wrought bracelets of the finest gold and uniquely made are valued at $800, and in the show-case are displayed some of the richest gems in the world. An exquisite set of diamonds, comprising a pin and ear-rings, the stones of rare brilliancy and large size, are exposed for sale. They are valued at $1,500. A single solitaire diamond ring, of great brilliancy, is valued at $1.500, and two similar ones cost $350 to $500 respectively. A set of solitaire diamond ear-rings is valued at $300, and alongside are a watch and chain worth $1,000. It would be too difficult to describe the various trinkets and other articles offered for sale, the value of the whole of which is estimated at close on $30,000 in gold.

We shall not re-produce what has been written in various journals as to the propriety of Mrs. LINCOLN's course or the justice or injustice of her complaints. There are matters of graver moment to *our* readers, now, than the questions elsewhere discussed as to her means and wants and merits.

We allude to the affair now, to note one or two matters developed by the discussion, which affect others than Mrs. LINCOLN, and are of public and general interest.

THURLOW WEED says:

We happen to know—the late Caleb B. Smith, then Secretary of the Interior, being our informant—a fact which incensed Mrs. Lincoln against Mr. Seward. The president gave the Prince Napoleon a dinner, for which Mrs. Lincoln sent to the secretary of the interior for payment a bill of some $900. This demand, though wholly illegal, coming from the President's wife, embarrassed the Secretary, who called upon the Secretary of State for advice, where he learned that Mr. Seward had also dined the Prince, having the same number of guests, and giving them a duplicate of the dinner at the White House. In fact, Mr. Seward ordered both dinners from the same restaurant, and by his own bill knew the cost of each. For what Mr. Seward paid $300, Mrs. Lincoln demanded $900. But whether three or nine hundred, the claim was alike illegal, and could not be paid. For this, however, Mrs. Lincoln quarreled with Secretaries Smith and Seward. This amount, however, was subsequently covered up in a gardner's account, but occasioned scandal, which respect for Mr. Lincoln measurably suppressed.

And the Cleveland *Herald* says that "a bill for some $15,000, for jewelry purchased by Mrs. LINCOLN, was presented to Congress, and disallowed; and the secrets of that committee could divulge most remarkable items that through Mrs. LINCOLN were presented for payment." It is hardly credible that the President's wife could have made such attempts to defraud the public, by procuring payment of claims of such a character and so illegal without some knowledge or consent on the part of her husband. And it is *quite* incredible that such presents, of so great a value, were made to her without his knowing that she received them. She says enough in her notes in respect to the sale of the articles, to make it known that her influence was exerted in favour of men who, desiring office or other benefits, made her valuable presents; and that this influence was effectual.

Is it not as corrupt a practice to bribe the President's wife, with his knowledge, as it would be to bribe the President himself? Congress is fond of investigations. Why, should it not investigate these matters, and at least discover who presented the various valuable shawls, dresses and diamonds, and what offices, appointments or contracts afterwards fell to their share?

We cannot conceive of any practice more shamefully corrupt than that which is thus proven to have existed in the early days of the pure and pious reign of that Radicalism which was supposed to be entrusted with the divine mission of reforming the morals of the Government, and putting an end to corruption.

It is well known that, towards the close of the war, permits were given to more than one individual, to go within the Confederate lines, in Arkansas and Louisiana, and purchase cotton, *on private account*, to be paid for in supplies of clothing and other necessaries, and even in arms, for the Confederate troops. We cannot say that it was *understood* and specially *permitted* that arms and ammunition should be furnished; but it *was* permitted and understood that supplies of clothing should be, and of other articles, the furnishing of which, in the then destitute condition of the Confederate troops, as directly tended to prolong the war, and cost the loss of lives of Federal soldiers as much as the furnishing of arms and ammunition could; and moreover, if we have not been misinformed, arms and ammunition *were* furnished in exchange for cotton. *Some* permits, we have more than once heard, were given by the President himself. It is possible that the presents to Mrs. LINCOLN may have had some connection with transactions like these. It is at least worthy of inquiry; as is the whole business of cotton-permits, by which some men made vast amounts of money. It was certainly a very extraordinary thing for the government of the United States or any high officer of the Government to authorize or connive at the furnishing of the public enemy with supplies of war, and so to enable him to prolong the war. It was to purchase cotton with the blood and lives of Federal soldiers.

How far these things are true we cannot say of our own knowledge. We heard enough about them in 1864, and had some direct information in 1865. In the former year there was a person at Monroe or Camden, with a permit to purchase a very large amount of cotton. An officer under command of General HOLMES, we understood, was on the Mississippi in 1863, sending cotton to Memphis on account of the Confederate Government: and we think we could give the names of a Confederate General and of some agents, who could considerably enlighten a Congressional Committee upon the subject.

It might also be profitable to inquire how much of the cotton seized by Federal Army Officers and Agents was *not* accounted for to the Federal Government. The account would startle the public somewhat, we imagine.

The bribes for taking which the great Lord BACON lost all his dignities and wealth, were *presents*, made to him by suitors in his Court of Chancery, in accordance with a custom long established, but "more honored in the breach than in the observance." If they had been made to his wife, would he himself have escaped suspicion? The name of Mr. LINCOLN has become the property of the world; and it concerns the country that these transactions should be looked into, and his memory cleared, if it can be, of the imputations which they will certainly give cause for, hereafter.

GENERAL ITEMS.

—In the northern part of Maine the snow fell to the depth of ten inches on Monday of last week.

—The Montgomery *Mail* says that at the election there numbers of negroes called for "forty acres and a mule," after they had "put the thing in the box."

—Enough cotton has been destroyed by fire, and other accidents, within the last twenty-two years to pay the national debt.

—Dawson, the great German tragedian, who played in this country last year, had a morbid fancy for playing parts which included delineations of lunacy. He is now an inmate of a lunatic asylum in Germany.

—The receipts of the Paris Exhibition from April 1st to September 10th were £300,000. A further sum of £60,000 will be required to cover expenses. It is supposed that this will be forthcoming during the seven weeks that remain.

—In New Orleans, according to the reports of the newspapers of that city, there have been no less than 40,000 persons who have had the yellow fever during the present season. The New Orleans *Times* attributes the wide spread of the disease to the neglect of the public authorities to keep the city in good sanitary condition.

—In New York on Tuesday evening a banquet was given by the Chamber of Commerce to Mr. A. A. Low, who has just returned from a tour around the world. Mr. Low, besides being a very wealthy man, and one of enlarged views and great liberality, is a leading merchant of New York city.

—The water supply of London and Paris is relatively the same. London, with its population of 3,000,000, is supplied with about 100,000,000 gallons daily, and Paris, with a population of about 1,600,000, has a supply of nearly 50,000,000 gallons daily. The average for each city is about thirty-three gallons for each individual of the population.

—A new feature in the trade of St. Louis is the large shipment of freight from Cincinnati for the lower Mississippi. The goods are shipped over the Ohio and Mississippi railroad, transferred to the lower Mississippi boats, and carried to Memphis, Vicksburg and New Orleans. The Memphis Packet Company alone are receiving one hundred tons per day of this freight.

—Mr. Callicott, and those who were indicted with him for conspiring to defraud the Government, appeared on Wednesday before the court in New York city by their several counsels, and put in separate pleas of not guilty. The Government announced itself ready to try the case at the present term of the court, but the defendants desired to have it tried before the Circuit Court, and this of necessity put the case over till November.

—The earnings of the California Pacific Railroad for September were $400,000 in gold, and its operating expenses $38,762, leaving a net profit of $161,638. This was with the track open for business to the summit of the Sierra Nevada. During this month thirty-five miles will be added to the running portion, which will bring it fairly into the Salt Lake basin, and materially add to its revenues.

—In Boston there are great complaints notwithstanding the large amount of building that has taken place during the past two years, that rents were never so dear as at the present time. Houses that cost $6000 to build, now rent for $10,000 a year, and are difficult to get at that. Furnished houses in fashionable locations rent at from $2500 to $4000 per annum, and board for a small family at the hotels will amount to at least $160 per week.

—The mule race at the New Haven horse fair was very comical. Eight mules were entered. Some of them declined to move—others insisted on the opposite direction. The first heat was won by Kate, who made the half mile in 2:09½. Two of her companions it seems, were half a mile behind her. Dick won the second heat in three minutes. The premium was forty dollars—won by Kate, best two in three.

—During the last homeward trip of the —— from Aspinwall, the steerage passengers were so numerous as to make them uncomfortable. As for sleeping accommodations it was aptly described by a Californian, who approached the Captain and said: "I should like to have a sleeping berth, if you please." "Why, where have you been sleeping these last two nights since we left?" "Wa'al, I've been sleeping a-top of a sick man, but he's got better now, and won't stand it no longer."

—On some of the plantations in Louisiana the grinding season will commence about the 12th instant. The crops in St. Bernard Parish are very promising. The total crop of twenty-four parishes in the State before the war (1861-2), was 459,410 hogsheads, or about 18,000 to a parish. The crop for the years 1864-65, one of the worst seasons known in Louisiana, was 6668. The New Orleans *Commercial Bulletin* remarks that parties capable of judging estimate the crop of the coming year as high as 110,000 hogsheads.

—The New York *Herald* says that "there is not a single great soldier of the country, there never was a corps commander in the Army of the Potomac, who was not a Democrat before the war."

—A villainous Yankee has been going about secretly among the negroes in Central Florida, selling them, in fours, at fifty cents each, wooden stakes painted red, white and blue, ornamented with a small streamer, telling them that whenever they planted those stakes at the four corners of a tract of land, the land would become theirs when the expected confiscation came. It is rumored that he has disposed of a cargo of these sticks, and has returned to the North to get another supply.

War in Europe next year is considered almost inevitable. France is arming, and it is said strategic studies have been made, with a view of covering Strasburg, the Emperor having made personal observations of the country in that neighborhood, as he returned from his recent visit to Salzburg. The country around the town is being leveled, to allow of the establishment of four detached forts, and an intrenched camp of immense extent is to be constructed, protected on one side by the Rhine and by submergible lands, and on the other by the four advanced forts, capable of sheltering, in case of need, a large number of troops.

—The New York *Atlas* says: "The extraordinary phenomenon of a man marrying a man occurred in North Carolina a few days ago. A gentleman wooed and won the hand of a young lady—the day for the nuptials was appointed, and the groom came to time; as did, apparently, the bride. But it seems she had a juvenile brother resembling her so closely that, when dressed in calico, none but the most practiced eye could discover the difference between them. He presented himself, was saluted with a kiss, and an authorized prelate of the magisterial persuasion went through the ceremony of making the twain one. Music and dancing filled the hour, and all went on charmingly until—the cat was uncloaked.

—The most alarming phase of life that has recently been manifested, is the Peterson case, before the police courts, in which a woman claims as her husband a man who declares that he has never seen her before. Our citizens, both Benedicts and bachelors, have just cause to feel particularly anxious about the result of this case; for if the infuriate female involved, establishes her claim to the reluctant husband, who can be considered safe? The well-to-do bachelor is in special danger; for at any moment some desperate unscrupulous lady may declare in court that she was married to him ten years ago in Canada, and he will have to bring witnesses, waste precious time, and pay a lawyer's bill to prove an alibi. In view of the new and impending danger, we would advise all unmarried men to promptly secure good wives, and thus lessen the chances of being snapped up a la Peterson by indignant spinsters.

—It is not generally known, perhaps, that nearly all the ice used on the coast of California is obtained from a never-failing cave in the northern part of Oregon. This remarkable subterranean cavern, where the ice remains in a perfect state the year round, is situated on a stream known as the White Salmon, which empties into the Columbia river, on the Washington Territory side, about thirty miles below the Dalles. The entrance to this icy chamber is near the base of Mount Adams, which stands twenty miles from the Columbia, and whose melting snows constitute the waters of the White Salmon. The dimensions of this cave are vast, extending many miles under the snowy mountain, and the scenery inside is supremely grand. The ice is found in columns formed by water falling from above and congealing as it falls. These columns are cut out in blocks and conveyed on pack animals to the Columbia river, and from thence are shipped to all the markets on the coast.

—The New York *Gazette* comments as follows upon life at some of our watering places: Sad stories float in upon us from the carnival life at Long Branch, Saratoga, and other of the fashionable summer resorts. Frivolities we expect. A measurable amount of dancing and gayety is not surprising. But we do not look for such reports as those which are left to appal us by the ebbing season. We do not look to see ladies and gentlemen who are prominent in metropolitan social life engaging in downright carousals. We mean drinking and drunkenness—not one whit short or less. This has been the shame and curse of the season. It has left a blight which will sadden life through long years. It has, to our certain knowledge, taken two persons straight down to death.

BRUTAL TREATMENT OF AN AMERICAN LADY IN PARIS.

The Paris correspondent of an English paper has the following:

"The proprietor of the hotel du Boulevard des Italiens has had to pay in purse and in person for indulgence in these amusements, being summoned before the tribunal yesterday by an American lady. In the beginning of June last a Mrs. Truefield, with her son, aged five years, arrived at the hotel des Italiens, 29 Rue de Choiseul, kept by a man named Lemoine. She was provided with unexceptionable recommendations and engaged a room, for which the price agreed on was 10f. per day. About a week later the following bill was presented to her: "Two candles, 2f.; bed-room candles, 1f.; a bath, 6f.; two dinners, 16f.; strawberries, 3f.; four days room, 40f.; four days do., 80f.; services eight days, 8f.," etc. Considering the prices exhorbitant, the charges for the chamber especially, having been doubled after the first four days, Mrs. Truefield declined to pay, and expressed her intention to seek a lodging elsewhere. She first, however, determined to consult her banker, and leaving her child in the room, proceeded to go out, but was prevented by the *concierge*, a woman named Sterner, who forced her back with such violence as to tear her clothes; after which the landlord locked the lady up in her room, and kept her under key for twelve hours. Two days later Mrs. Truefield again attempted to leave the hotel, and succeeded in reaching the street, but she was followed by Lemoine, who attempted to force her back; she, however, clung to some iron bars before a window, where the landlord, seizing her violently by the wrists, and forcing open her hands finger by finger, loosened her hold, and then, throwing her down, dragged her on her back into the vestibule of the hotel, and closed the door to prevent the spectators outside, whose indignation had been aroused, from interfering. Among the bystanders was the Count d' Espagnac, a gentleman aged seventy-five, and he, with some assistance, forced an entry, and in spite of the menaces of Lemoine, refused to leave until the police arrived. Mrs. Truefield bore marks of the violence to which she had been subjected on her right hand, her left foot, and her back. The above facts having been clearly proved by several witnesses, the court condemned Lemoine to 100 francs fine and one month's imprisonment, and the woman Sterner to six days of the same punishment.

More Predictions.

WASHINGTON, Thursday, October 3. To-day we hear, not from the Speaker of the House, but from sources apparently authentic, that the Radical Executive Committee have determined to propose to Congress the immediate call for twenty-five thousand volunteers, black and white, to be taken from this District and Maryland alone, to assist as a Radical guard for the protection of Congress from any assault or insult they may incur from the President or the Maryland "rebels." This will be the beginning of the revolution forecast by Senator Howard, of Michigan, and what he thinks is necessary for the final triumph of the Radical power.—*Charleston Courier.*

[WESTERN ASSOCIATED PRESS REPORTS.]

WASHINGTON, October 15.—A special says an individual in Washington who is supposed to be posted in Treasury matters, avers that it is his belief that the spurious counterfeit 7-30 bonds were manufactured inside the Treasury building by means of duplicate impressions, instead of the original plates.

Secretary McCulloch denied the truth of the report that the New York Metropolitan board is to be abolished.

A *Times'* special says a leading Radical member of Congress from Massachusetts, and a strong advocate of impeachment, to-day announced himself in favor of Gen. Grant for the Presidency. He said he was ready to put entire faith in him. The Vice-Presidency is not neglected, and the name of John A. Andrew, of Massachusetts, is very frequently mentioned as a most fit man for the second place.

The Treasury Department is still busily engaged in examining bonds on hand for the purpose of discovering if there are any more counterfeit 7-30s. The Department learned to-day that several banks throughout the country have been victimized by the hypothecations of these counterfeit bonds by unknown persons.

First Assistant Postmaster General Skinner is lying here dangerously ill. He has been in the Postoffice Department for over fifty consecutive years.

HARTFORD, CONN., October 15.—Gen. Sheridan has accepted the invitation to visit the city on the 24th. At a meeting of the city government to-night an effort was made to make an appropriation for his reception, but it was voted down by Democrats.

LONDON, October 14.—The continued agitation in Italy, and the determined disposition evinced by the party of action to persist in its attempts to invade the Roman territory, cause much financial uneasiness and depression in this city and Paris.

SECOND DRAWING
—OF THE—
Southern Asylum
LAND COMPANY,
TO TAKE PLACE AT
HERNANDO, MISS.,
AUGUST, 1867.

THE First Drawing, which took place at Hernando, Miss., on the 15th inst., was attended with unusual success, when it is remembered that but a few weeks elapsed from the inception of the enterprise to that event. $17,000 worth of tickets having been sold, a like amount of property was drawn for, under the supervision of gentlemen selected by the ticket holders present. The utmost harmony and good feeling pervaded those present, and, as will be seen from the subjoined certificate of the Managers, the affair was conducted to a close in a most gratifying and satisfactory manner:

HERNANDO, MISS., June 15, 1867.

We hereby certify that the above report of the First Drawing of the Southern Asylum is correct, and that the proceedings were characterized by a spirit of fairness and justness unsurpassed by any Drawing of which we have any knowledge. The Managers of the Company placed the tickets and wheels under our sole management and control.

COMMISSION MERCHANT,
No. 276 Front Street,

LIBERAL ADVANCES—Supplies at Wholesale Prices. Commission for selling Cotton, One Dollar per Bale.

To the Cotton Planters of West Tennessee, Alabama, Mississippi and Arkansas:

The undersigned respectfully tenders his services as agent for the sale of your cotton in this city, and for the purchase of your supplies. The unfortunate termination of the late war, which so materially affected the best interests of the South, has also had its effect upon the Commission Business of this city, as transacted between planter and merchant. You doubtless well remember with what pertinacity (previous to the war), amounting in some instances to annoyance, you were solicited for your business at the rate of fifty cents per bale commission, free of drayage, and stored for twelve months without charge. Then (as will be again) the producer was the ruling element, and high rents, rich landlords and merchants were the result of planters' patronage. No people or occupation have been more seriously prostrated than planters and planting, and none so much deserve to be fostered and aided in their unfortunate changed condition. How that aid so much needed has been meted out you I opine too well know. Onerous government taxes in general, and a special tax upon your leading production, Cotton, large profits you have had to pay upon supplies furnished, commissions on sales ranging from $3 50 to $5 per bale, monthly storage at exorbitant prices, and other expenses, as per reference to your account sales, as a sum total will leave you but little if anything upon which to rebuild your shattered fortunes, or to compete with the new order of affairs—free labor. When I withdrew from the Cotton and Commission Business in 1860, private reasons then led me to believe that I would never engage in it again. The solicitations of many friends that were former patrons, and a desire to promote the interest of the planting community, so far as my feeble efforts can do so, and the apparent want of gratitude exhibited to a community that in times past tended so materially to the prosperity of Memphis and its mercantile community, has determined me again to offer my services in the capacity as stated. The reduced stocks of cottons in the United States and short supplies in the hands of New England manufacturers has caused some advance in prices from the late depression, hence early sales may be prudent and remunerative; such was the case the past two seasons, and many planters have had cause to regret the acting upon the too common practice of holding and drawing upon their cottons. I would advise no planter to send forward his cotton unless he wished it sold upon the first active market. It can be held at home much cheaper than in Memphis. My charges for selling cotton will be One Dollar per bale. Insurance effected in all cases if not instructed to the contrary. Shall buy your supplies from wholesale houses, giving you the benefit of same. In short, by strict attention to all the departments of our business, I hope to merit a large share of patronage.

Very respectfully,
se4 R. A. MOON.

The Great Southern Remedy.

DR. C. WILLIAMS'
Pulmonic Balsam of Wild Cherry
—AND—
WOOD NAPTHA,

Recommended by distinguished members of the Medical Profession.

THIS Preparation has been for the last twenty years introduced to the public, and it has, by its intrinsic virtues as a remedial agent, secured a remarkable and enviable reputation. Persons who have tried it tender their unqualified testimony in its praise; and it is our candid opinion, based upon observation, that it has already saved hundreds of persons from a premature grave. It has cured cases that baffled the skill of some of the best medical practitioners in the country.

It has cured cases that were considered hopeless. It has given relief in violent Coughs, Colds, Asthma, Whooping-Cough, Croup, Bronchitis, Bleeding of the Lungs, and that fell enemy of our race—Consumption!

If you value your life and health, be warned in time, and do not trifle with your Cough and Cold any longer, but immediately procure a bottle or two of this infallible preparation, which is admitted by all who have tried it, to be the most valuable and scientific preparation ever offered to the afflicted in all diseases of the Respiratory Organs.

Be not deceived! *Purchase no other remedy!* Remember your health—nay, life, may depend upon your caution in this particular, and that this is the only reliable remedy now presented to the afflicted; that not only promptly cures Coughs, Colds, and all diseases of the Throat, Breast and Lungs, but will, in its earlier stages *most positively cure Consumption*, if this remedy is resorted to in time, and the directions which are ample, are faithfully followed.

KAVANAGH & DECKER'S
BILLIARD TABLES

THE most reliable Cushion used on Billiard Tables is the

CAT-GUT CUSHION,

Manufactured by KAVANAGH & DECKER, and Patented Dec. 18, 1866. (See Scientific American, Vol. 16, No. 11.)

It is the only Cushion that possesses all the qualities essential to a Perfect Cushion. It is the most elastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the Cat-Gut Cushion and renders it superior to all others, is the tightened cord of cat-gut which overlies the face and edge of the rubber and running the full length of the Cushion, which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cat-gut cord also adds much to the elasticity of the Cushion.

The Cat-Gut Cushion has already been applied to over 1000 tables, which are in constant use. It can be applied to tables of any make, for $75 per set.

Kavanagh & Decker's Factory, at the corner of Centre and Canal streets, N. Y., is the most complete of its kind in the world. The machinery is of the most improved character, the lumber drying room the largest in the United States, the material used the best that can be purchased, and the workmen thoroughly skilled.

Billiard Cloth, Balls, Cues and Trimmings, all of the best make, constantly on hand.

Kavanagh & Decker are the only agents in this country for Kay's Cue Cement, adjudged by competent authorities to be the best Cement ever used.

GROVER & BAKER'S
Celebrated
Elastic Stitch and Lock Stitch

SEWING MACHINES.

Why the Grover & Baker Machine is Best.

1. It is more simple, durable, and less liable to derangement than others.
2. It sews from ordinary spools, and no rewinding of thread is necessary.
3. It sews with equal facility all fabrics, the most delicate and the heaviest, and with all kinds of thread, silk, cotton or linen.
4. Its seam is so strong and elastic that it never breaks, even on the bias.
5. It fastens both ends of the seam by its own operation.
6. Its seam, though cut at every sixth stitch, remains firm, and neither runs or ravels in wear.
7. Its seam is more plump and beautiful, and retains its plumpness and beauty after washing better than any other.
8. Its seam can be removed in altering garments, after proper instruction, without picking or cutting them.
9. Watching and varying the tensions upon the threads necessary in other machines is unnecessary in this. The tension being once adjusted on the Grover and Baker Machine, any amount of sewing may be done without change.
10. It makes beautiful embroidery without any change or arrangement, simply by inserting threads of suitable sizes and colors for this purpose. It is the only machine that both embroiders and sews perfectly.

THE DISCOVERY OF THE AGE.

NO material which has ever been discovered has effected greater benefits in the household economy than

McGIMSEY'S MAGIC SOAP.

It is a labor saving invention, as well as an invaluable remedy in Scurvy, Scald Head, Eruptions of the Skin and Piles. Dandruff is removed from the head, the Teeth whitened and cleansed, Plate and Jewelry cleaned, Stains effectually removed from Carpets, Furniture, Clothes, Paint, Varnish or Marble, with the greatest facility and without injury to the material. It is a great saving of time and labor in washing clothes. It is the only known Soap which will wash Flannels with the ease of cotton or linen without fulling or shrinking. All these important objects can be effected without injury to the skin or the most delicate fabrics. It possesses no deleterious qualities whatever. The world is challenged to produce a soap which possesses so many valuable properties and which is so innocuous and safe. It is a home invention, and defies competition in any part of the world. It has become a necessity in Memphis, and its use is rapidly spreading throughout the South, and eventually will extend over the Yankee states, North and South America, Europe, Asia, Africa and Oceanica. Manufactured solely by C. F. McGimsey, Memphis, Tenn., and sold at the following places in the city at wholesale and retail: Page & Co's, Dean's, Taylor's Drug Store, Poplar street; King's, corner of Third and Adams; Oliver & Co's DeSoto Block, Madison street; will soon be found at any respectable family grocery or drug store. The proprietor is determined that its manufacture shall keep pace with the rapidly extending demand for its use. au18

THE BLIND BEGIN TO SEE.

When Sumner and Wilson, in reply to the question put by Senator Dixon of Connecticut, declared it to be the purpose of Radicalism to impose negro-suffrage on the people of the Northern States, Connecticut interposed her protest by giving a decisive majority for the candidate of the Democratic party. California still more decisively protested against Coolie-suffrage; and Ohio has now interposed her veto of the whole scheme, by a majority of fifty thousand.

It is an article of the Jacobin creed that no State has a republican form of government, in which any men are denied the right to vote, on account of race or colour; and that Congress under that provision of the Constitution which guarantees to every State that form of government, has the right, by a general law, to confer the right of suffrage upon all men, without distinction. In vain is it demonstrated that, by the Constitution, it belongs exclusively to each State to determine for itself to what portion of her citizens the right of suffrage shall be entrusted. In vain the Supreme Court of Tennessee, as essentially radical as an Ethiopian is black, so holds, in order to justify the disfranchisement of eighty thousand white men for aiding in or sympathizing with the struggle of the South for independence. Still the radical Chiefs announce their determination to infect the Northern States with the leprosy of negro-suffrage; and journals of the hue of the New York *Tribune* clamours for it unceasingly in hoarse and discordant notes.

In the Southern Provinces, where the club of Jacobins at Washington governs as it pleases, under the pretense that it possesses powers outside of the Constitution, not only is the right of suffrage given to negroes without distinction, but they are forced upon juries and installed in even judicial offices.

The dark cloud that thus rises rapidly towards the zenith, threatens the States of the North, while the storm that it bears in its bosom is already bursting upon the South. What the present of the South is, the people of the North begin to know; what its future is to be, they begin to foresee. They see that future as it is described in the following paragraph, written to a New York journal from Georgia; they see coming events at the South casting their dark and gloomy shadows before, with alarm and dismay; and their passions, which the war aroused and Radicalism has nursed and fostered since, are being quelled by the new danger at which they stare aghast.

That writer says:

It is hardly necessary to tell you what you gather from the newspapers, the alarm the people feel here at the results of the Government's registration. It is certain that negroes and John Brown's corps will have a large majority in this State. This causes many to prepare to find a home away from such a government as must follow. In conversation yesterday with one of the gifted and honored of the State, who long held not only a high position in Congress, but in the Cabinet, I learned that he despaired, and was looking abroad for a home. Should the anticipations of the most intelligent here be realized, and Georgia be Tennesseeized, there will be an exodus hence, of the wealth and intelligence of the State. Enterprise is perished—all are trying to pry into the future, and men meeting ask, what are we coming to. I received yesterday, from a distinguished Southerner—one who has been prominent above all others for years as a lawyer, and who is now in the North—a long and despondent letter. He tells me it is arranged by the Radicals, as a part of their policy, to take hold of all the State and municipal offices in the Southern States, and fill them with their partisans, and only such as will be obedient to orders from headquarters; to crush the press opposed to Radicalism in the South; intimidate, by military persecution, those who are talented and influential, and who have been paroled or disfranchised; and should all this fail to secure a triumphant majority in the fall elections, then there scarcely remains a doubt but that Congress would vote itself a permanent body and by its own action so amend the Constitution as to give them perpetual power, through self-appointment. It is a dark picture, but one well suited to the views of such men as Wells, Brownlow, Brown and that immaculate fiend Jack Hamilton.

The people of the North cannot but see that unless Radicalism is defeated and its spine broken there, it will triumph in all the reconstructed States, and become omnipotent by the aid of their votes. Not three-fifths of the negroes, but *all*, are hereafter to be counted in determining the number of Representatives to which each State is to be entitled. Of course all men, white and black, in the reconstructed States, will eagerly concur in imposing negro-suffrage on the Northern States,—those the more eagerly, against whose remonstrances it has been imposed on the South, in order to visit a just retribution on the North, and compel it to share the curse.

The people of the North, though not yet wholly restored to sight and free of the bondage of passion and fanaticism commingled, are beginning to see, even if only indistinctly, that to oppress the South with negro-suffrage, is to make it in the end inevitable for themselves. There must be one law, in that respect, for the whole Union. The eleven reconstructed States will vote unanimously to compel the North to accept that which it has forced upon the South, and the more nauseating the dose, the more they will delight in administering it. If it needs an amendment to the Constitution, they will vote for that amendment, which will undoubtedly be proposed at the coming session of Congress, unless the results of the recent and coming elections are sufficiently decisive to alarm Radicalism and cause it to abandon its purpose.

If that amendment is proposed, the people of the North who still think themselves superior to the negroes of Congo, Ashantee and Dahomey, may perhaps begin to inquire whether there are any limits to the power of a given number of small and new States, united with that pest of the Union, New England, to amend the Constitution against the will of the large and populous ones. New York, Pennsylvania and Ohio have asserted the right of three-fourths of the States, to abolish slavery in one-fourth, even without the consent and against the will of a single one of these. Will they agree that the Southern States, with others sufficient to make three-fourths of the whole number, have the power to so amend the Constitution as to deprive them of the power of regulating for themselves the qualifications of voters, and as to confer upon creatures of every inferiour race that may be within their limits the right of suffrage? Are they prepared to agree that their own fundamental laws shall thus be changed, and themselves stripped of their dearest prerogatives, by the sweet voices of negroes in other States? The results of the late elections seem to reply in the negative to these questions.

To our mind it is perfectly clear that slavery, in States not consenting to the amendment, could not be abolished by an amendment to the Constitution. No title to property, created by or existing under State-laws, could be destroyed in that way. It was not a proper subject-matter for an amendment. It was not in the contemplation of the makers of the Constitution that the power of amendment should be unlimited: and if such an amendment were made, the States not consenting to it were no longer bound by any thing contained in the Constitution to submit to the amendment or remain in the Union. The Constitution was intended to create a government for National purposes; and wherever it forbade the exercise of a power by a State, that was done for the protection of the citizens of the other States.

Certainly the Constitution cannot be amended so as to legalize polygamy, or annul the institution of marriage, or destroy all ownership of lands, or make negroes competent to be jurors and witnesses in the Courts of the States, or to legalize marriages between them and whites, or to legitimate children born bastards, or to establish a State religion or proscribe a particular creed, or change the laws of descent, or the rules of the commercial or civil law, or to abolish capital punishment, or deprive the States of the power of creating corporations. *The States did not invest three-fourths of their number with the power of destroying the sovereignty and independence of the rest.* It was for a long time, and justly, denied that Congress could abolish slavery in the District of Columbia, without the consent of Virginia and Maryland, which had ceded the District to the Nation: and there is no omnipotent virtue in an amendment to the Constitution, more than in an act of Congress, that enables it to destroy private rights or strip a State of its prerogatives against its consent.

One thing, be sure, some of the Northern States will hold,—that negroes can not be imposed on them as voters, or even as citizens, by an amendment of the Constitution. The great States will not agree that their imperial prerogatives of sovereignty are so held at the sufferance of negroes and of new States that have proceeded from their loins.

If the right of amendment is unlimited, it will reach a very long way, and New England may at no distant day find it turned against herself. Her States, more than any others except Delaware, ought to be jealous of their prerogatives, and hold that the Constitution cannot be so amended as to destroy them.

But it is also plain that if the Constitution could be made effectual, by an amendment, to destroy slavery, and make the emancipated negroes citizens of the United States, it can also be amended so as to invest them with all the privileges of citizens of any State in which they may reside, and to include the right of suffrage among those privileges: and it is no doubt the general opinion of the Northern people that the right of suffrage can so be conferred upon them. Negro-equality in the South inevitably makes the negro-States of the South the peers and equals of the white States of the North, in the Senate, in enacting an amendment to the Constitution, and in electing the President and Vice-President when there is no choice by the Electoral Colleges. For negro equality in that aspect, and amendments to the Constitution so to be choked down their throats, the Northern States are not quite prepared. They have not wholly lost their pride of race and regard for their interests and safety.

We may, therefore, reasonably regard the vote of Ohio against negro suffrage for herself, as a protest against it here. If the people of that State will not accept negroes at home as their equals, it may fairly be concluded that they are not willing that negroes shall sit with their Representatives and Senators in Congress, and measures odious and injurious to them be carried there by negro votes. The greater always includes the less. It may with the same reason be fairly concluded that they do not consent that men elected by negro votes, and representing negro constituencies, how white soever their skins may be, shall sit in Congress and enact laws to govern them. The Representative is no better than his constituency. *It* sits there, though black as Erebus, in his person. That is the very meaning of representation. The representative of the negro is to all legal intents the negro himself.

We give little weight here to the consideration that there must be a consciousness in the Northern mind of the monstrous unfairness and meanness of imposing on the Southern States a curse and degradation at which the stomachs and souls of the people of the North revolt. Nevertheless, that must to some extent operate on a few. Nor do we give much weight to the consideration that the Northern people cannot but know that it is utterly uncertain how the negroes will vote at any election or on any question hereafter. They are as fickle and changeable as the winds, and their ignorance and stupidity are as dense as Egyptian darkness. Arming them with the ballot is like arming a lunatic with a deadly weapon. The man who does it is himself mad, or deserves to be hung. It is a crime of unparalleled enormity; because those who do it, the leaders, at least, are not ignorant of the infernal consequences that must result. If there can be no republicanism without negro suffrage, then republicanism is itself a miserable sham. No man has ever seen a more disgusting spectacle than an election at which the negroes outnumbered the whites and crowded them from the polls. Until a man has seen that, he cannot know the infinitude of human folly.

We give little weight, also, to the consideration that the people of the North must be conscious that the instability of the Government and the constantly recurring follies and disturbances that must be consequent on negro suffrage, cannot but operate injuriously on the currency and finances of the country, damage the credit of the Government, and entail upon the nation the necessity of a large standing army and enormous expenditures. But we do not doubt the immense value of Tennessee in her present wretched and shameful condition, as an example and a warning. *Her* fruitfulness of folly is indeed exhaustless; and it is not to be doubted that the people of Ohio do not wish that ten more States shall be, like her, the shame and weakness of the Union.

Neither can we believe that the Northern people are *wholly* unaffected by the odious spectacle of the fantastic tricks played by Sickles, and Sheridan and Schofield. They must be lost indeed to all sense of shame, if they are willing to *continue* responsible for antics as ridiculous as those of Sancho Panza, governing his Island, and acts as arbitrary as those of any Pacha of three tails. It is but rational to suppose that many of them may sometimes reflect

"That sometimes nations will decline so low,
From virtue, which is reason, that no wrong,
But justice, and some fatal cause annexed,
Deprives them of their outward liberty,
Their inward lost;"

and that in robbing the South of free government and human rights, they incur the hazard of losing their own.

The people of the South, we think, may well begin to hope that reason is returning to the North, and that the tide of reaction which has now began to flow will know no ebb until the Constitution is re-established in its supremacy, and the days of sorrow end.

REVIEWS.

From the publishers we have *DeBow's Review* for October, with the following table of contents: No Treason, Mandeville's Fable of the Bees, the Collection of Revenue, Recollections of Mexico, Manufactures of Missouri, and Railroads of Texas, besides the mass of statistical and other useful information in the several "departments" of commerce, manufactures, mining, immigration, etc. In the editorial notes it is stated that among the MSS. left by Mr. DeBow, are several papers in continuation of his "Memoirs of the War," which will be given to the readers of the *Review*, monthly. It seems that the lamented deceased intended writing an elaborate history of the war.

The October number of the *Southern Review* is rich in contributions. The leading articles are: Alexander Hamilton, The Constitution in the Convention of 1787, Explorations in Africa, Mexico and the Mexicans, Limits of Culture, etc., etc. This able periodical well deserves the patronage of the educated and thinking men of the South. They ought to sustain it handsomely. It is published quarterly at Baltimore, Maryland. Albert Taylor Bledsoe, formerly of the University of Mississippi, and more recently of the University of Virginia, is one of the editors.

YELLOW FEVER.

It is the object of the Appeal to give a correct and truthful report of the fever now prevailing in Memphis. Actuated by these motives, we stated, some two weeks ago, that cases of yellow fever had occurred here. Some parties blamed us for making the statement; but we were and are determined to give the truth, believing that the public have a right to know the facts of the case, and knowing them, the tendency will be to allay the unnecessary excitement that has prevailed in our midst. From the reports of reliable physicians, who do not allow the excitement of the moment to influence their better judgment, we can assure our readers that there is but little yellow fever outside of the district mentioned by us yesterday. In other localities there is, as is usually the case at this season of the year, a good deal of bilious remittent fever, that readily yields to the ordinary treatment. To our absent friends, we would say, stay away until a good white frost.

IT WON'T DO.

The necessity and urgency of closing up the work of reconstruction on the broad and safe basis of universal amnesty with impartial suffrage, is now so clear that we will not dwell upon it. Events are more cogent than arguments.

You cannot "close up the work of reconstruction" on any such basis. You cannot bribe the people of the South with universal amnesty, to accept negroes as their political equals. Your own people in the North, even in Ohio, will not accept them as such; and the true men of the South are not sunken quite so low as to accept as *their* equals those who are deemed unfit to be the equals of the men of Ohio. Your bribe of universal amnesty is not worth enough. You cannot buy men's souls with it, or their honour or self-respect. Those whom you *can* purchase, will not prove worth the buying.

VALOUROUS.

Jeremiah Black of Pennsylvania, who thought it treason to subdue the rebellion, would prove as true as steel to any political villainy. He might not have the physical courage to take part in a *coup d'etat*, but he would lack none of the necessary rashness. His lack of physical courage, as also that of other Cabinet officers, might be supplied by ordering several ironclads to some rendezvous in the vicinity of Washington, on board which the new Cabinet might take refuge and flight to foreign lands, in the event that any revolutionary policy that the President might inaugurate should miss fire. With a ready means of escape at hand, in case the policy of "cleaning out" Congress should fail, it is impossible to foreshadow what prodigies of valor might not be accomplished.—*N. Y. Tribune.*

It is a singular insolence in Horace Greeley, who did not resist when Rust of Arkansas, a few years since, slapped and cuffed him on Pennsylvania Avenue, to impeach the physical courage of Judge Black, or of any man. How does he *know* that that distinguished man is lacking in physical courage? and if he does not *know* it, is it not false in him to say it? It is a wretched business for a journal of the lofty pretensions to decency of the *Tribune*, to resort to flings so contemptible and despicable.

GALVESTON.

The Howard Association of Galveston have suspended their charitable labors in consequence of the almost total disappearance of yellow fever in that city. The visitation of the hurricane has added a new feature to the losses and horrors with which the "Island City" has been afflicted.

TENNESSEE ITEMS.

—We understand there have been brought to this county ten thousand hogs, from Kentucky, for the purpose of fattening them, there not being enough corn raised in that State to feed the great number they have on hand. This ought to make pork cheap next winter.—*Lebanon Herald.*

—John S. Hull was arraigned some days ago before the Commissioners of the State prison, and the result of the investigation of the charges alleged against him has terminated in the finding of a true bill against Mr. Hull by the grand jury for embezzling public property and monies. A capias was issued on the 10th inst., for his arrest, and he was brought before the Hon. John Hugh Smith yesterday, and recognized with John Schilmer, surety, in the sum of five hundred dollars, to make his appearance at the next term of the Criminal Court, to answer the charge of embezzling. It is mainly due to the exertion of our indefatigable Coroner, Geo. W. Norvell, that this culprit has been brought to justice. We hope a speedy trial will be awarded him and that he receive punishment for his many acts of malfeasance in office.—*Nashville Gazette.*

—We have received, says the Nashville *Banner*, the following communication, with the request that we give it to the public, and ask its publication in the other papers throughout the State: In conference with a large number of the members of the bar of the State, we announce that there will be a meeting of the Judges, Chancellors and lawyers, at the Supreme Court room, in Nashville, at 10 o'clock on Saturday, the 26th inst., to agree upon a memorial to the General Assembly for the passage of a bill, fixing the time of holding the Courts, and equalizing the labors of the Judges and Chancellors. It is suggested that the members of the bar, at each of the different cities and towns, meet as early as practicable and select a delegate to the Convention. It is hoped that the Judges and bars of the whole State will be represented.

—The Nashville *Union and Dispatch* of the 13th, says the Grand R. A. Chapter of Tennessee assembled on Friday night in Masonic Temple. At the election of officers yesterday, the following gentlemen were chosen for the ensuing year, to-wit: T. A Thomas, of Clarksville, G. High Priest; John Zent, of Memphis, D. G. High Priest; W. A. Nelson, of Riceville, G. King; R. H. Evans, of Shelbyville, G. Scribe; W. H. Horn, of Nashville, G. Treasurer; C. A. Fuller, of Nashville, G. Secretary; Rev. W. H. McLeskey, of Newbern, G. S.; John Bell, of Gallatin, Master of 3d Vail; J. Gingrey, of Ripley, M. of 2d Vail; M. Drummond, of Randolph, M. of 1st Vail; George Sieferle, of Nashville, G. Tyler. The installation took place last night.

EQUITY.

The *National Intelligencer* says:

"We know of a gallant Confederate Brigadier General who is disfranchised because he once happened to fight for his country. That is the absolute literal fact. The only public position he ever held was as a volunteer officer in the war against Mexico. He might have been ever so dangerous an enemy in the late struggle, but if he had not taken an oath as an officer of the United States he would not have lost his vote. But because he had then fought, and in order to do so had taken an oath to support the Constitution of the United States, he came within the disqualifying clause."

So do we. The only office we ever held was that of Captain of Volunteers in the service of the United States in Mexico. We imagine there are many others in the same situation. To be sure, we took the oath to support the Constitution, when admitted to practice in the Court of Claims and Supreme Court of the United States; but *that* does not disqualify. What was it in comparison to taking the same oath as a Captain of Volunteers?

THE BLACK CROOK.

The *Black Crook* was represented on the Nashville stage, for the first time, on Saturday night last, to an overcrowded house. Hundreds were unable to obtain admission to the Theater.

Notwithstanding the great opposition, the old Board of Directors of the Memphis and Ohio railroad have been re-elected.—*Northern paper.*

The Board of Directors passed a vote of thanks to the the only journal in this city which *appeared* to oppose the old Directory, acknowledging efficient aid in its demonstrations of enmity.

Hon. Henry Cooper, of Middle Tennessee, has retired from the bench. The bar of Lebanon have passed highly complimentary resolutions on the impartiality, purity and ability of this much respected Judge.

Night Dispatches.

[WESTERN ASSOCIATED PRESS REPORTS.]

New Orleans, October 15.—Yellow fever interments up to 6 o'clock this morning, thirty-nine.

The time of holding the Louisiana Agricultural Fair is postponed till January 7, 1868.

Galveston, October 15.—Only four interments from fever in the past forty-eight hours. Only two new cases.

Baltimore, October 15.—Gov. Swan and staff to-day reviewed 1st Division of Maryland National Guards, Maj. Gen. Bowerman commanding. There were in line two battalions of cavalry, two companies of artillery without guns, and nine regiments of infantry, comprising 5000 to 6000 men.

Louisville, October 15.—River at a stand with about twenty-six inches in the canal.

There were two races over the Woodlawn course to-day. The first was won by Lee Paul; time, 5:39¾, 5:46½; three mile heats for a $600 purse. Grant, second; Brand's chesnut filly, third. Second race, mile heats, was won by Howdon; time, 1:47½, 147½. Counterproof, second; Tom Porter, third.

Washington, Oct. 15.—The following was issued this day from the Treasury Department: This Department is prepared to give 5-20 bonds of 1867 in exchange for 7-30 notes, the interest to be charged on the bonds and allowed on notes up to the time of conversion, the notes to be forwarded to the Assistant Treasury at New York, or to the Department here, at the risk and expense of the holders, the bonds to be returned at the risk and expense of the Department. Signed, H. McCulloch, Secretary of the Treasury.

New York, October 15.—Registration for State elections commenced to-day.

The *Express* says a very large meeting of railroad managers was held to-day. Nearly all the principal Western roads were represented. A long discussion was had of various topics, and the feeling between the East and West was not of the most harmonious character. It was informally agreed to advance freights, but the time was not set, although November 1st was generally concurred in. The Trunk lines demand their pro rata of passenger fares, but Western roads did not agree to do this, although their representatives were willing to yield the point in regard to freights. We understand that the Presidents of the Erie, New York and Pennsylvania Central roads have determined to keep their pro rata share out of the money collected.

The Buntyn Tract at Public Sale.

DESIROUS of carrying out as speedily as possible the provisions of the Will of G. Buntyn, deceased, in the disposal of his Homestead Tract, we will offer at Public Sale the remaining portion of the Tract, consisting of about SEVENTY-FIVE LOTS, varying from two to ten acres in size, embracing with the field lands all the wood land lots on the Tract.

The high reputation for fine health which this locality enjoys, and the choice of easy and quick communication with the city by railway or dirt road, give to these lands advantages that must be apparent to the business men of Memphis, as a cheap, convenient and pleasant point at which to establish their family residences, combining so fully the advantages of town and country.

With the object of removing all difficulty in selling, we shall offer the property upon the following easy TERMS—One-fourth cash, balance in 6, 12, 18 and 24 months with interest. Warranty deeds given and deed of trust taken, waiving redemption.

Every lot put up will be sold without reserve. Plans of the lots may be obtained at the office of the Auctioneers; each lot being staked so to be examined before the sale.

Sale will be upon the premises, on WEDNESDAY, the 16th of October, 1867.

PUBLIC SALE

Of Three Hundred Acres Suburban Land on Ten Years' Credit.

I PROPOSE to sell at Public Sale, to the Highest bidder

On Thursday, 14th November, 1867,

About 300 acres Field and Forrest Land, on my Homestead Tract, situated three miles east of Memphis, at the head of Union avenue, and lying between Central avenue and the Old State Line road. The most popular street pavements being now in process of construction in Memphis, good turnpikes or street railways on the roads leading from the city directly through this property, must soon follow, thereby affording the most reasonable probability of its great and rapid enhancement of value.

In stating the advantages of this property I would specially refer to the HEALTH of the locality as having been always considered equal if not superior to that of any portion of the city environs; while the high character of the neighborhood, and the provision made for *Church and School Privileges* combine to render it one of the most desirable points for a suburban residence which the vicinity of Memphis affords.

The TITLE to this property has been vested in my father and myself for thirty years without interruption, and is free from any incumbrance.

The Subdivision of the Grounds will be in lots of about Five Acres, according to plans to be seen at the office of the Auctioneers. The avenues will be opened, and the lots numbered so as to be readily examined before the day of sale.

Being Determined to Sell I shall offer the following liberal

TERMS: One-tenth Cash, the balance in *Ten Annual Instalments*, with interest from date. Warranty deeds given, and Trust Deeds taken, waiving redemption. These terms will make it very easy for any one to secure a pleasant Home, which must constantly increase in value and comfort, as the growth of Memphis continues.

EXPLANATION:

ON the first day of April last, we sold to H. A. Montgomery most of our stock of goods, and by this sale disposed of all our high priced goods; but not for a moment have we ever given up business. We have always held possession and occupied our present store, 294 Main street, in Clark's Marble Block. Mr Montgomery sold the stock purchased of us to Col. Sam. P. Walker, who turned over the goods to Gen. Frank P. Armstrong, as trustee, and by an arrangement made with Mr Montgomery, we permitted the goods to be sold in our store for sixty days or more. We have never made an assignment, nor do we expect to do so. We want to be placed right on the record, and want our friends to understand our position. We are going to continue business, and expect to always keep a superior stock, and at fair prices. Thus we were forced to sell our large stock of high-priced goods, in order to meet them with an **entirely new, cheap and elegant stock,** which we are now receiving daily.

WANTED—THE PATENT
AURORA OIL.

We want men everywhere to study their OWN INTEREST. The right to manufacture and sell the Patent Aurora Oil in a single county will make more money to the purchaser in three months than the largest farm in your State will make in a whole year. The Aurora Oil actually costs less than one-half the price of Coal Oil, and the illuminating power of the Aurora Oil is as much superior to the Coal Oil as the Coal Oil is to a tallow candle, and is NO MORE explosive than a tallow candle. Any Lamp that will burn Coal Oil will burn the Aurora Oil. It does not smoke the chimney—it does not smell—it will not grease or stain the finest linen—not even white cloth. The material for its manufacture is inexhaustible. One man can make seventy-five barrels per day. No machinery required. We will pay your fare to and from the city of Memphis and bills while here, if we cannot prove all, and even more, than we have stated. A single county is a small fortune to the man of enterprise, and the right to a State is untold worth.

CONTINUED.—The case of William O'Donnell, who was charged with shooting Regan, was up before Justice Miller, and was continued till Friday, the 18th, when it is supposed a full investigation will be had.

THE JAPANESE.—This troupe arrived yesterday evening by steamer, but too late to give a performance last night. They will positively appear at the Greenlaw Opera House to-night. "We shall see what we shall see."

GREAT REDUCTION.—$38 25 from Memphis to New York; $44 25 to Boston, via Atlantic and Great Western Railway. Through tickets can be secured at 237½ Main street, Overton Hotel, and Depot of Memphis and Ohio Railroad.

INQUEST.—Coroner Cotton held an inquest last evening on the body of a man who had been reported as being found near the old race track, but up to a late hour last night, the Coroner had not returned, therefore we could obtain no particulars.

OFFICIAL MORTUARY REPORT.—For twenty-four hours ending at 5 p.m., Oct. 15, there have been six interments from yellow fever. Twenty-eight new cases reported for twenty-four hours.
W. E. ROGERS, M. D.,
Sec'y Board of Health.

BACK AGAIN.—The many friends of C. P. Oakley, Esq., the popular and gentlemanly general freight and ticket agent of the Mississippi Railroad, returned yesterday from Niagara Falls, where he has been attending the General Ticket Agents' Convention. Our friend looks as well as ever, and will be found at his post, as usual.

WE were pleased to meet yesterday our old and esteemed friend, John M. Carmack, Esq., who has just returned from a visit to Hot Springs, Ark., whither he went to recruit a debilitated system. We are glad to see that he has improved in appearance, and that he will continue to regain strength until he acquires more than youthful vigor.

EMMONS & SON, No. 10 Jefferson and 393 Main street, have received the Waverly Magazine, Wilkes' Spirit of the Times, Albion, The Irish Citizen, London Punch, Index, News, Demorest's Monthly Magazine for November, and also a lot of Writing Paper and Envelopes and Blank Books, wholesale and retail. Call and examine their stock.

CLEANING THE PAVEMENT.—We noticed yesterday that the chain gang were busily employed cleaning the pavement on Second, between Jefferson and Adams streets. This is right. We hope that the regular street force will be employed in like manner. The cleaning of the pavement not only tends to preserve the same, but makes it more pleasant to travel on, either by foot or horse.

WE have received a note from a planter, who says: "Allow me to trouble you with a few queries in regard to an invention called 'A. B Wood's Improved Gearing for Machinery,' to increase power and speed. I wish to know if you have heard anything of the same, and whether, in the opinion of practical machinists, there is any merit in the invention." If any one of our readers can give the information asked for, we shall publish it with pleasure.

ADMITTED TO PRACTICE.—J. W. Blackburn, Esq., who has resided in Memphis for the past few months, and is known as a young lawyer of promise, was this morning admitted to practice in the Chancery Court. Mr. Blackburn is a Baltimorean, but has made Memphis his home. He is represented to us as a gentleman of fine intelligence and culture, who will in time make his mark at the bar. We congratulate him upon passing the required ordeal, and wish him abundant success in his profession.

REDUCTION IN FARE.—It will be gratifying to travelers to know that the Memphis and Louisville Railroad have made a reduction of six dollars on the fare from Memphis to New York, with a corresponding reduction to Baltimore, Washington, Philadelphia and Boston. Their ticket office is at 237½ Main street. Tickets can also be had at the depot, head of Main street. The popular passenger agent, Capt. Asa Hill, is always on hand, and will ticket to all points as low as the lowest.

BOARD OF HEALTH.—The Board of Health held the usual meeting yesterday at the Gayoso House, (one of the parlors having been generously placed at their disposal by Col. Cockrell). About twenty physicians outside of the Board were present and reported, others sent in reports. The meeting was informal and a good deal of discussion was had as to the symptoms and treatment of the disease. We publish the official report of the Secretary, Dr. W. E Rogers.

ASTONISHING DEPRAVITY.—Some one between 4 and 9 p.m. of the day before yesterday, stepped into the hall of the house, 47 Pontotoc street, and helped himself to a new light grey cloth frock-coat, belonging to the Editor-in-Chief of the APPEAL, and which he had worn but one day. In the breast pocket of the coat was the key of the Editor's law office. As it can be of no use to the gentleman who borrowed the coat, perhaps he will kindly return the key. We hardly expect it, since he must have arrived at an unexampled pitch of depravity to steal the only decent coat of an Editor who pretty nearly works for nothing and finds himself. We would offer a reward for the arrest of the *chevalier d'industrie* who has made so serious a fray on our wardrobe, if we supposed it would avail anything. In the performance of a public duty we have notified the police; and our domestic, Hannah, proposes to consult an African fortune-teller, in which we have helplessly acquiesced.

SEWING MACHINES AT THE PARIS EXHIBITION.—"There seems to be considerable contradiction among the successful exhibitors as to the awards made in this department. The recipients of the two gold medals severally advertise that theirs is the only gold medal, thus contradicting each other, while all the other prize-holders concur that no gold medal was awarded to any sewing machine whatever. Happily, it is not our duty to decide this knotty question; but, be it as it may, the Grover & Baker sewing machines have received the very highest prize—above all medals—their representative in Paris having been decorated by the Emperor with the Cross of the Legion of Honor." We find the above in one of our English exchanges, and transfer it to our columns with satisfaction. It is gratifying to find that the Grover & Baker machine, which stands so high at home, should also receive the highest honor abroad. When it is remembered that one thousand gold medals were awarded at the Exposition, and only one hundred and fifty decorations, it will be seen that the Cross of the Legion of Honor was considered by the judges as a much higher award of merit than the gold medal. No other sewing machine at the Exposition received this distinction, showing that, in the opinion of His Imperial Majesty, and the judges, no other was equally deserving. This award place the Grover & Baker machine first in order on the official catalogue of the Exposition, as it is first in the estimation of the public on both sides of the Atlantic.—*N. Y. Express.*

MAYOR AND ALDERMEN.

MEETING OF THE BOARD YESTERDAY.

Main Street to be Paved.

Injunction Against the Issuance of Bonds for the Gayoso Gas Stock.

Present, Hon. Mayor Lofland, Chairman Hulbert, Aldermen Glancy, Johnson, Wickersham, Amis, Hill, O'Donnell, Shaw, Lemon, Ruffin, Smith, and Passmore. The minutes of the previous meeting were read and ordered to stand as recorded. The Mayor stated that from a personal interview with Gen. Forrest he had been misunderstood. He wished to right himself in the matter. The members of the firm of Forrest, Mitchell & Co. had asked him for bonds. The demand was made for $171,000. He thought there had been an error in the estimate by the engineer, and he was willing to pay $125,000. He had done what he believed to be right in the matter, and his desire was to protect the interests of the city. He was not in the room at the time the debate took place, or he would have set the matter right, and all parties, the contractors included, would have been satisfied. Gen. Forrest, by permission, addressed the Board, and expressed himself satisfied with the explanation of the Mayor, and he desired to withdraw any offensive remarks he might have made, and regretted the occurrence. He was irritated at the time and thought he had cause. He desired that the explanations should be satisfactory, not only to the Board but to the citizens.

Report from the City Attorney:

MEMPHIS, Tenn., Oct. 15, 1867.
To the Board of Mayor and Aldermen, etc.

The United States Court has issued an injunction against the city, restraining it from passing an ordinance for the issuance of $250,000 bonds, to be subscribed to the Memphis Gayoso Gas Company. It is proposed to carry the case to the Supreme Court at Washington. I ask for instructions from the Board. My convictions are that the decree of the Court below will be reversed; and if the city wishes the question tested, I will take the proper steps to do so
Very respectfully,
R. J. MORGAN, City Att'y.

Referred to Mayor and Finance Committee.

A communication was read from the acting City Engineer recommending the erection of a fence around the Park at Charleston avenue. The attention of the Board was called to the fact that in many places awnings and shade trees obstructed the light from the street lamps.

The writ of injunction against the Mayor and Board of Aldermen, in reference to the gas matter, was read to the Board.

Alderman Hill, Chairman of the Finance Committee, reported upon a number of petitions. The reports were adopted.

By the same—a report in reference to the modification of the paving contract, entered into with Messrs. Forrest, Mitchell & Co.

By the same—an application from Messrs. Forrest, Mitchell & Co., asking that the names of Messrs. Taylor, McBain & Co., be inserted in their stead. Application complied with.

The committee reported adversely on the petition of the Wax Flower man. Report adopted.

Alderman Passmore, Chairman of the Committee on Accounts, submitted his usual report, which was adopted.

Alderman Shaw commenced to read a lengthy report on gas matters. The Chairman stated that the matter had been disposed of for the present, by the granting of an injunction, and suggested that the report be received and published as a part of the proceedings, which was agreed upon.

Alderman Ruffin, from the Special Committee appointed to investigate the matter as to the suspension of Mr. Foster, reported that the error occurring in the report was entirely a clerical one, and recommended that Mr. Foster be reinstated in his office as City Engineer.

Alderman Johnson moved that the matter be referred back to the Committee for further consideration. A lively discussion took place, which was participated in by almost every member of the Board. The motion to recommit was lost, and the report adopted.

Alderman Passmore, from the Special Committee appointed to take into consideration the best means of paying off the city debt, submitted a report suggesting that the Legislature be petitioned to levy a special tax for the purpose of paying off the city debt. Report received and adopted.

By the same—a report adverse to the ordinance introduced by Alderman Wickersham, in reference to the reduction of the tax on theaters. After some little discussion, the Board adjourned to meet at 3 p.m., to-day.

GAS HERE AND ELSEWHERE.—The people of Cincinnati and St. Louis complain of the enormous price that they are charged for gas. They say that their gas companies, which are private corporations just as the Memphis gas light company is, charge far too much for the article. They want their city authorities to buy stock in their gas companies, so that controlling they may reduce the price of gas. The municipal authorities of Cincinnati and St. Louis have again and again tried to buy stock in the gas companies, and have offered immense sums for it, but they can't get it. Those gas companies will not sell to the cities of Cincinnati and St. Louis, however much the people of those places desire them to do so, that the price of gas may be reduced. But in these cities of Cincinnati and St. Louis, the price of gas is only two dollars and a half per thousand cubic feet. Here the Memphis gas light company charges six dollars per thousand cubic feet, and when the Gayoso gas company offers to sell to the city a controlling portion of its stock, which would secure both to the city and private consumers gas at a very low rate, there are aldermen who pretend that they can't see any advantage in the city securing such control, and try to convince people that the Memphis gas light company is selling gas very cheaply when it only charges nearly three times as much as the people of Cincinnati and St. Louis pay for the gas they use. Who are these Hessians of the gas company?

EASTWARD TRAVEL.—Now that the season is at hand when commercial and business travel sets in most strongly, it becomes a matter of some interest to those contemplating a trip to the Eastern markets to know which of the many routes claiming public favor is in reality most desirable. From the almost unanimous voice of the press, as well as from its rapidly increasing patronage, it would seem that the Atlantic and Great Western Broad Gauge route is second to no other in popular estimation. This being a Broad Gauge route, having Cincinnati for a starting point, crossing the State of Ohio diagonally in almost an air line, and striking the Erie road at Salamanca, thence over the Erie to New York city. Both these roads being six foot gauge, enables the Atlantic and Great Western to run its baggage and passenger cars directly from Cincinnati into New York without change. Memphis passengers arriving in Cincinnati by the Louisville mailboats are landed within one block of the Atlantic and Great Western depot, while those arriving by way of the Ohio and Mississippi road merely step from one train into the other, as the two make connections at a junction depot. It will thus be seen that by this route an expensive transfer through the city is avoided. In Ohio, the road lies through the most fertile and beautiful regions of the State, while on the New York end of the line the scenery of the Delaware and Susquehannah is widely known as the most grand and romantic on the continent. In equipment, the Atlantic and Great Western Railway is unsurpassed; its cars of the most approved and elegant description; its sleeping coaches are unrivaled for magnificence and comfort. They are seventy feet long, eleven wide and nine high, and furnished with hair mattresses, linen sheets and pillow slips. The ladies' and gentlemen's dressing rooms are good sized rooms, and furnished with every appliance for the toilet. Entire sections of the line have, during the past summer, been relaid with new rail, making it one of the smoothest riding roads of any in the country, while as a crowning excellence wide cars secure comfort unattainable by any of its rivals. To many readers the above comments will present nothing new, for the Atlantic and Great Western has long stood in high favor with the Southern traveling community. But to those who have never been eastward over this great broad gauge route, the foregoing hints may not be amiss.

FIRE YESTERDAY MORNING.

LOSS ABOUT TWENTY THOUSAND DOLLARS—MOSTLY INSURED.

For the main particulars of the fire yesterday morning, we are indebted to an evening cotemporary. About four o'clock yesterday morning, flames were discovered by Mr. J. W. Penn, the bank watchman, issuing from the rear of A. G. Vaccaro's saloon, in the alley running eastwardly from Front, between Madison and Monroe streets. West of the saloon, on Front street, are the auction house of P. L. Bierce & Co., and grocery and liquor house of Riggins & Fisher. The former was damaged to only a slight extent, but the latter sustained considerable loss, both by fire and water. At the junction of the two alleys was Saunders, Jones & Co.'s printing office. The roof was considerably damaged, and the material in the office was injured to some extent by water. Their loss will amount to several hundred dollars. They were, however, insured in the Planters' Insurance Company for $2500. Fisher's saloon, adjoining the job office, on Bank Alley, was damaged also by fire and water, but to no great extent. North of Fisher's was the Jimplecute saloon. Here there was scarcely any loss by fire, but many articles were stolen. W. L. Stewart & Co.'s cotton office, north of the Jimplecute, sustained a small loss in broken windows, damage by water, etc. The rooms over one of the saloons were occupied by Mag. Hayden, as a house of ill fame. Her carpets, furniture, etc., were worth probably $7000. Nothing was saved, except her trunk which Mr. Penn threw down stairs. The following, as nearly as could be ascertained, was the insurance: Riggins & Fisher, Washington Company (Tomlinson), $5000; Ætna, $5000; Hartford, of Hartford, $10,000; Phœnix, of Hartford, $3500 on building. The extent of their loss has not yet been ascertained. It is principally by water. P. L. Bierce & Co., Phœnix, $4000; Hartford, $3500; Ætna, $5000—$12,500 in all. Their stock was valued at $25,000, and the damage, which is light, is by water alone, which stands several inches in their cellar. Mag Hayden, loss $7000; insured for $3000 in Ætna. We have heard of no other insurance on her property. A. G. Vaccaro, $2500 on stock, fixtures and furniture in the Phenix of Hartford. The fire was first discovered by Mr. J. W. Penn, who at once gave the alarm. But for his efforts doubtless everybody in the second story of the buildings fronting on the alley would have been suffocated by the smoke and flame. Mr. Rose went for engine No. 4, and in a short time all the engines were on the ground. They did efficient service, and by their exertions the firemen prevented a general conflagration. Had the wind been from the west, it would have been difficult to save either Elson Brothers' or the adjoining Main street stores. Five bales of cotton were saved by the exertions of Mr. Charley Straus, a watchman, who rolled the bales to the north side of Madison street.

GREAT REDUCTION.—$38 25 from Memphis to New York; $44 25 to Boston, via Atlantic and Great Western Railway. Through tickets can be secured at 237½ Main street, Overton Hotel, and Depot of Memphis and Ohio Railroad.

WATCH THIEF.—A negro named Jos. Owens was brought before Mr. Justice Black, yesterday, charged with stealing a watch from one of his colored neighbors in South Memphis some days since. The evidence against the accused was very conclusive. No persons being found willing to give bail in the sum of two thousand dollars, Joseph was sent to the Criminal Court for trial.

NEW MEMPHIS THEATER.—A very good audience was in attendance last night at the New Memphis to see the popular play of *Guy Mannering*, in which the favorite, Lady Don, played "Henry Bertram" very acceptably to the audience, but a little less *dash* would probably be better suited to the taste of a critic. On her every appearance she was well received and heartily applauded. Mrs. Allen seemed quite at home in the rather difficult character of "Meg Merriles." She dressed the part well and played it admirably. The singing, incidental to the piece, was very fine. It could not be otherwise, both Lady Don and Miss Fanny Pierson being in excellent voice. The selection of Scotch ballads and tableaux finished the evening's entertainment. To-night *Don Cæsar de Bazan* will be produced, with Lady Don as "Don Cæsar." The house should be filled.

THE COURTS.

UNITED STATES COURT.—On yesterday the following business was transacted: Messrs. Gerraid F. Griffin and M. B. Trezevant were admitted as Attorneys of this Court. C. Canning Smith, Esq., was appointed United States Commissioner. The injunction case of Dean vs. the Mayor and Aldermen of Memphis, and the Memphis Gayoso Gas Company was decided by Judge Trigg, so far as granting the injunction prayed for. The following order was entered of record in this case: Thompson Dean vs. the Mayor and Aldermen of Memphis and the Memphis and Gayoso Gas Company. This cause coming in to be argued after due notice to the defendants upon the bill and pleadings filed, it is ordered that the plea to the jurisdiction be overruled, and the Court takes jurisdiction of the parties and the subject matter of the Bill, and, upon the presentation of the record from the Chancery Court of Memphis, it is considered that no prior suit is pending between these parties, and for this subject matter and the plea of prior suit pending, is overruled. And upon argument it is further considered, and it is so ordered, that upon Complainant entering into bond with good and sufficient security in the sum of ten thousand dollars to the Board of Mayor and Aldermen of the city of Memphis, conditioned to save harmless the said corporation from all loss and damage by reason of the prosecution of their injunction prayed for in the bill, and upon the complainants entering into a further bond to the Memphis and Gayoso Gas Light Company in the sum of seventy-five thousand dollars conditional to save harmless the said corporation from all loss and damage by reason of the prosecution of the injunction prayed for in the bill, the Clerk will issue a fiat of injunction to the Board of Mayor and Aldermen of the city of Memphis, restraining them from holding any election to test the sense of the voters of the city of Memphis upon the question of subscribing stock in the Memphis and Gayoso Gas Light Company, or for issuing bonds therefor and restraining the said Board from making such subscription or issuing such bonds, and a further fiat of injunction to the Memphis and Gayoso Gas Light Company, restraining the said company, its agents and employees from using the streets of Memphis by laying pipes therein, or from constructing works for the manufacture and sale of gas in the city of Memphis by the means of such pipes, conductors or other apparatus laid through the said streets, or lanes or squares of said city, or from selling gas to the public authorities or inhabitants of Memphis, by means of such public works, until the further order of this Court. The Milliken habeas corpus case will come up to-day for decision, after which the Court will probably adjourn for several weeks.

CHANCERY COURT.—Stands adjourned until the first Monday, the fourth day of November next. The cases set for hearing on yesterday being demurrers and pleas, will be heard on Tuesday the 5th day of November next. The other cases specially set will be set for the first week when Court convenes.

MUNICIPAL COURT.—The cases set for yesterday, the State vs. Stillmand and Kate Stoner, from 151 to 160 inclusive, will be taken up to-day, after which the following cases will be tried: 5. The State vs. David Carroll, attempt to draw an Arkansas *tooth pick*; 7 to 34, inclusive, the State vs. Slegle, unlawful gaming; 225 to 228, inclusive, the State vs. John Carnes, unlawful retailing.

LAW COURT.—Stands adjourned until the 28th day of October, 1867. Jurors summoned will attend promptly on that day, or forfeitures will be taken against them.

TRANSFER OF REAL ESTATE.—H. W. Sebree to Elizabeth Sebree, deed of gift, easterly one-quarter of lot No. 11, block 38 on north side of Linden street, east of St. Martin street, 30 by 150 feet; J. T. Carnes to Samuel May, trust deed, leasehold part of lot No. 500 on Jefferson street extended—one year to run—to secure $367 96.

GREAT REDUCTION.—$38 25 from Memphis to New York; $44 25 to Boston, via Atlantic and Great Western Railway. Through tickets can be secured at 237½ Main street, Overton Hotel, and Depot of Memphis and Ohio Railroad.

VICKSBURG, MISS.,
October 8, 1867.

IN consequence of the prevalence of yellow fever in the city of Vicksburg, we feel compelled, by the duty we owe to ourselves, our families and employees, to postpone the second preliminary distribution of the Mississippi Agricultural, Educational and Manufacturing Aid Society from the 16th day of October to the 2d of November, 1867.
To give our patrons and the public, at a distance, the necessary time for renewal of Certificates, the third preliminary distribution will be drawn November 30th, and the Grand Scheme, December 26, 1867.
We trust that a kind and indulgent public will both excuse and approve of the short postponement.
Correspondents, and persons ordering certificates, are requested to direct their communications to the Secretary at Meridian, Miss., to which place our office is temporarily removed. An authorized agent will remain at Vicksburg to attend to any communications or orders for Certificates.
W. D. LYLES, President.
ALBERT SANDEL, Secretary.
The drawing of the School Fund for Vicksburg and Jackson will be postponed from October 24th to November 12th, 1867.

IN entering upon another commercial year, with the experience of the past, fraught with the many vicissitudes incident to a changed system of agriculture, and for which most of our planters were little prepared, resulting in heavy loss to planter and merchant, as an experiment tried, we shall adopt a rigid cash system in our business—taking no risk, and making our sales prompt upon receipt of consignments, remitting proceeds with as little delay as possible; but in all cases obeying instructions of shippers, and using our best endeavors to promote the interest of our patrons.
Our arrangements for furnishing Supplies, Bagging, Rope, Gunnies, Groceries and Provisions are such, that we promise to furnish them at our lowest market price, and make it as much, or more, to your interest to order through us, than to purchase in person.
Hoping to receive your patronage and influence, we are, respectfully,

Notice to the Public.

IN retiring from the Drug business in this city we would give notice that we have sold our entire Stock, together with the Fixtures, Lease, etc., of the well-known stand, No. 318 Main street, to Dr. J. B. WASSON & CO., to whom we were formerly successors; and after returning our heartfelt thanks to our numerous patrons and friends who have so liberally favored us during our continuation of business, we solicit for our successors a continuation of the same. As to the character and qualifications of our worthy successors in this branch of trade, their reputation is too well and favorably known in this city and throughout the country generally for us to be able in anything we might here state to add thereto. Suffice it to say they are of long and tried experience in this branch of business, and therefore most cordially recommend a continuation of our patrons with this House. JOHN A. NIPGEN.
The unsettled business of NIPGEN & REAKIRT and JOHN A. NIPGEN, will be settled by either of the old partners at the old stand.
JOHN A. NIPGEN,
NIPGEN & REAKIRT.

To the Public.

IN having made the above purchase and resumed business at the old and well known stand, No. 318 Main street, where we have so often and for so many long years of sunshine and adversity met our old friends and patrons; and as a train of unforeseen providential circumstances have shifted us around to our former place of business, it is with feelings of earnest congratulation that we are again prepared to offer to our former patrons and the public generally a large and well selected Stock of Drugs, Medicines, etc., etc., and indeed every thing usually kept in a first-class and well conducted Drug Store, to which we are now adding, and will continue to add constantly, fresh supplies of the most Staple and Choice Articles the markets can afford. And as we shall import from foreign markets direct, and from first hand dealers, we intend making this House "the Drug Emporium of the South;" we would, therefore, hold out special inducements, to both Wholesale and Retail Dealers in the city and country, to give us a call, examine and price our Stock before purchasing elsewhere, for we are determined, by our close vigilance of the markets of this and foreign countries, as well as with sound, practical judgment in making our purchases, so as to be able, with the choice quality of our stock and the low prices we will offer them at, to be able to vie with and even defy competition. Anxiously hoping, therefore, that these propositions (for we intend to make good to the letter all we have proposed), will meet with the hearty concurrence of our old friends and patrons and the community generally. We are, very respectfully, yours, etc., J. B. WASSON & CO., Proprietors.

THE MEMPHIS APPEAL

FINANCIAL AND COMMERCIAL.

OFFICE OF THE DAILY APPEAL, MEMPHIS, October 15, 1867.

The money market for the week just closed has been rather easier but not enough so to affect trade for the better except to a very limited extent. The cotton sales for the week will not throw more than $200,000 into the hands of our merchants, which at this season is but a drop in the bucket. Our banks are discounting to regular customers of good standing on short time, but much of their money is out in overdue or renewed paper. Exchange has been firm during the week with a fair demand for eastern, but very little call for New Orleans. Eastern sight was taken at par and cotton bills at ½ to ¾ off. Checking on New York, Cincinnati and St. Louis at ¼ premium. The large amount of cotton bills offered to-day were rather more than our banks were prepared to meet, and rates were increased at noon to ½ off buying, but in one or two instances they were taken at ⅝ off. Selling rates remained at ¼ premium, but will no doubt be easier to-morrow.
The gold market has varied some during the week. The amounts offered to brokers has been very small, so that they have been justified in paying full rates. The result of the recent elections ran the premium down nearly 2 per cent. on Wednesday last. The Gold Room construed the Pennsylvania and Ohio elections as lessening the chances of any serious conflict between the legislative and executive authorities at Washington on the meeting of congress in November. The argument is that congress will not feel sufficiently strong with the people to venture upon the impeachment of the president. The New York opening rate this morning was 144⅜. The sales in this market were made at 142½ to 143c and in one or two instances 143¼ was paid for fair sized amounts.
Silver is bought at 133 to 134c, as to amount. City scrip is dull with little offering. Brokers are indisposed to buy large amounts. The nominal buying rate is 45c. Sales were made during the day at 47 to 48c.
County warrants are not in demand. Brokers buy at 75 to 76c, and sell at 80 to 85c.
Small police warrants are in good demand, but dealers do not keep much on hand. They prefer to buy on orders. The counter rates are 75c buying and selling at 80 to 82c.
Bonds and stocks are not saleable. We have no transactions to report.
A dangerous counterfeit of the denomination of $10 on the Third National Bank of Philadelphia is in circulation in this city. We were shown one yesterday by Mr. Richardet of the First National bank. Our readers should be on their guard against it as it is calculated to deceive even an expert at a casual glance.

S. H. TOBEY, President. ED. C. KIRK, Cashier.

The cotton market during the week has been active, but at lower prices. The unfavorable news received in the early part of the week was but a forerunner of what followed, until the decline amounted to fully 2c below the closing of last week. On Friday, Saturday and Monday, 15c was the ruling figure for middling, but on Tuesday more favorable advices were received, which caused a stiffening up of our market, and sales were made at 15½c. The New York market to-day was still firm, with holders asking 19½ to 20c. for uplands. The day's sales were large, and confined to fine grades. We give a few of the transactions reported: 2 bales good middling, 17c; 22 bales strict to good middling, 17c. 3 do. good middling, 16½c; 7 do. strict middling, 16¾c; 17 do. strict middling, 16¾c; 43 do. strict middling, 16c; 6 do. strict middling, 16c; 18 do. strict middling, 16c; 11 do. middling, 15½c; 3 do. middling, 16c; 2 do. middling, 16c; 9 do. middling, 16–c; 11 do. strict middling, 16½c, 9 do. middling, 16½c; 12 do middling, 16½c; 13 do. strict middling, 16½c; 11 do. middling, 16¼c; 20 do. middling, 15½c; 48 do. shy middling, 15½c; 10 do. low middling, 15c; 17 do. low middling, 15c; 22 do. good ordinary, 13¼ to 14c; 10 do good ordinary, 14c. We quote the market active and firm. Receipts for the week, 4723 bales; shipments, 3372 bales.

Memphis Wholesale Dry Goods Market.

The week just closed has been an average one in dry goods. The decline in cotton still causes weakness in that style of goods and has demoralized trade to some extent throughout the country. The weakness is due more to this cause than to an overproduction. As yet prices are very much unsettled, and until they become steadier buyers will operate with caution. Staple goods are, however, in active demand, with the stock well kept up. It will be seen that prices are lower than last week on some articles.

The shoe market continues active at full prices. Stocks are well kept up but until within the past day or two, were being reshipped to the interior in fair amounts. Common goods are more in demand than the finer qualities. We quote our market firm as follows:

Wholesale Tobacco Market.

The bad reports from the ungathered portion of growing crops has caused an advance in leaf tobacco. Virginia and North Carolina are the only States where a fair yield is anticipated. The former State will exceed its crop of last year by 10,000 hhds. Tennessee will not give over half a crop, while recent frosts in Ohio and Tennessee have materially injured the plant in those States. Trade in manufactured tobacco during the week has been good, but not active, while prices are firm and tending upwards.

Wholesale Market.

There is an active demand for provisions of all kinds and stocks are low in many things. Meats are very firm at our quotations. Corn is dull. Bran is almost out of market and only found in a retail way. Oats are in light demand with good stock. Apples and potatoes are very high and firm with a tendency to still go up owing to the difficulty attending their shipment from above. All boats are detained as a general thing at various points, while none but those of light draft can run at all. Bagging and ties are in active demand and firm. Chickens and eggs are scarce, while but little choice butter finds its way to this market.

RIVER MATTERS.

WEATHER AND RIVERS.

The days are balmy and pleasant, just such as October should bring with it. A change, however, would be welcome just now, and frost is anxiously looked for. The Ohio is falling at Pittsburg and Louisville, with 26 inches in the canal, and about the same to the mouth. The upper Mississippi is falling from Dubuque down. There is 5½ feet reported from St. Louis to Cairo. At Phillips' and 84 four and a half feet is all that is reported. The rivers of Arkansas are unchanged.

MISCELLANEOUS.

Business was brisk upon the landing yesterday. All the space between Jefferson and Union streets was filled with steamers, and our local packets went out with fair freight and large passenger trips.

The Louisville arrived yesterday from above. Before leaving her Captain entered protest here. She brought a lot of damaged freight to this port, saved from the sunken barge. The freight was for nearly all way points from here to New Orleans.

The Commonwealth passed up yesterday. She put off 2000 boxes tin on the star wharfboat.

The gay and swift steamer Paragon, is the Memphis and St. Louis packet, leaving to-day at 5 p.m. She is light of draft, well officered, and will make sure connection with the trains at Cairo. That popular gentleman, Capt. Sam. McPheeters, is chief officer, and Mr. McCreight is clerk.

By reference to our new advertisements, it will be seen that the St. Louis and Vicksburg line have reorganized and put some of the best boats on the river in the trade. Larry Harmstad & Co., are agents for the line in this city.

The Gleaner, Capt. Whittaker, Sam. Wood, clerk, will leave on Saturday for Pine Bluff.

The Tempest got away last evening with 226 bales cotton for Louisville.

The steamer G. A. Thompson is reported aground at Phillips'.

A quarantine station has been established at Island No. 1, below Cairo. All upward bound steamers are required to land at that point before proceeding to Cairo.

The splendid Mayflower, Capt. Josh. V. Throop, will leave for St. Louis to-day at 10 am. This is her first trip in the trade. Mr. Dunn is chief clerk.

The Ozark, Capt. Edson, will be in port to-day, and will leave to-morrow at 5 p. m., for all points on White river. Jim. McDonnell is her purser.

The Henry Ames is now in port, and will leave to-day at 5 p.m., positively, for New Orleans and all way points. Capt. J. Frank Hicks is master, and Thos. L. Crawford presides at the desk. Billy Page, who is well known in our midst as a competent clerk and clever gentleman, is second clerk.

John Reed, of Peoria, Ill., an engineer, put off the steamer Kellogg, died on the 14th, in a room over Bohlen, Huse & Co's ice house. He has been on the river about fifteen years, and was well known about St. Louis. He was about forty-eight years of age, and leaves a wife and three children. He died of yellow fever, contracted in New Orleans.

Speaking of the Steamboat Convention to be held at Cincinnati to-day, the Louisville *Democrat* says:

The convention that assembles at Cincinnati can do much good for the steamboat and commercial interests of the West. They should frown down all combinations of trade societies, especially for the undue advancement and regulation of wages, but if any combination is formed, the steamboat men should unite against railroad monopolists and against the odious barge line managers.

Among the contemplated actions of this convention one, we believe, will be a protest against the bridge over the falls of the Ohio at Louisville. It should either have a draw over the Indiana chute, be twenty-five feet high, or the enlargement of the canal promptly completed.

The Mayflower brought about 250 tons of freight to this port for the Henry Ames.

The steamer Malta was sunk in the Muskingum, just below the Windsor lock, on the 26th ult. The boat was turned over to the underwriters. Insurance, $4000—all she was worth.

The particulars concerning the sinking of the Lacey, are as follows: When about fifteen miles this side of Brownsville, the captain discovered that the channel was extremely shallow, which rendered navigation somewhat precarious, but having on a very light cargo, consisting mostly of corn and a few hides, he deemed it advisable to push his way through. Shortly after ten o'clock, however, she ran against a snag a few miles below Lafayette, and sunk. A deckhand, who was on board at the time, states that the passengers were all saved by means of life-boats, and the steamer was left to her fate. She is reported a total wreck, having broken in the middle. Efforts will be made to remove her machinery, which was in as good a condition as possible.

TO PROPERTY HOLDERS.

AGENTS for Mississippi, Louisiana, Arkansas and Tennessee. For SIMPLICITY, ECONOMY, DURABILITY and POWER, it stands unrivalled, and its great excellence in these respects makes it the BEST and CHEAPEST COTTON PRESS IN THE WORLD.
Many testimonials as to its practical utility and superior excellence can be shown. In the season of 1866, the local demand for this Press was so great we were unable to meet it, and were obliged to disappoint many who applied for them. We furnish the Irons at our Works in Memphis for $150, with plans and specifications for putting up. The mutual system has deservedly become the most popular mode of insurance in the United States, and is the one embraced by those best informed upon the subject, and who appreciate and desire security, perpetuity and economy. In a purely mutual company the assured derives all the advantages which can be realized from an insurance, and at the lowest rates, or exact cost, paying no tribute or profits to the proprietors or stockholders for, perhaps, an inadequate capital or security. Cheapness combined with security, and a certainty of accomplishing the object in view, are the essential elements sought for, and they may be found eminently existing in a well conducted mutual. All parties insuring in this company become members of the company and are directly intrusted in its success. Call at the office of the company for full information, whereby all real estate insurers can save FIFTY per cent. of their insurance account.
